Pete:

We will take this up with the Executive Director by mid-February. Between now and then, could you prepare an analysis of our SIS ceiling, positions and on-duty-strength that identifies a problem of headroom and our need for additional SIS ceiling. Also some analysis of where we are, where we think we are going and the kind of relief vis-a-vis FTE.

We should probably have this in hand by 22 February. We will then plot our strategy and then meet with the Executive Director.

MEMORANDUM FOR: Director of Personnel 

FROM: John N. McMahon
Executive Director

SUBJECT: SIS Ceiling and FTE

Whenever you gather sufficient facts and data to justify an SIS ceiling increase as well as obtaining necessary relief through our FTE situation, I would like to sit down with you and the Comptroller and map out a strategy which would be acceptable to the Administration as well as Congress. Please address this as a burning issue.

John N. McMahon

cc Comptroller
